Work Experience

- I'm Currently cooperating with various design studios of La Maddalena, Florence, Milan, Venice and Bergamo as a freelance, following the requirements of customer for reproductions of interiors, exteriors, signage, VIA and everything that revolves around the 3D world.

- 3D Visualizer & Graphic for Archea Studio of Florence at the site of La Maddalena for project planned for the G8 in July 2009. The task was to model all the structures that would arise for reviewing and evaluating volumes and areas before moving to the rendering of individual spaces for a careful choice of materials. Every single part of the project, interior and exterior have been examined, and then modeled and rendered. The projects are related to:
 - Recovery Ex Military Hospital with annex Presidential Suite and Lounge Bar
 - New Hotel with an adjoining auditorium, rest area and welcome customers.
 - Tunnel Linking New Hotel with SPA.
 - Spa.
 - Restaurant Bar

- Collaboration with Sandrini Scale Studio:
 - Restoration of the Hotel Excelsior in La Maddalena, used for the study of materials and to have a complete and extended presentation for customer.
 - Restoration Masseria Lomazzi in Brindisi, rendering realization for signage and study for environmental impact.
 - Construction of Basalari Building in Bergamo. Project followed-up and rendered for volumetric simulations and signage for commercial use.

- 3D graphic for Sviluppando s.r.l. Studio in Mirano (VE) working for project of buildings and shopping centers in Spinea (VE), private houses, residence as the Rondini Residence in Favaro Veneto, Loft in Mestre's dock area.

- Intern and cooperator for several small companies and Restoration Society in Milan for works regarding recovery of artifacts, cleaning of facades, chromatic recovery and restore, laboratory evaluations and related documents.
